A Fund Code is a value that identifies the source and intended purpose of funds and how they should be spent.

**Blue tags**

Purchased with University Funding

- University funds (non-sponsored) contain the economic resources that are expendable for operating purposes such as research, academic and institutional support, student services, and plant operation and maintenance.

**Yellow tags**

Purchased with Federal Sponsor Funding (20000)

- This fund creates the requirement for clearance memos.
- Activity for this fund is governed by federal laws enacted by Congress as well as the rules prescribed by individual contract agreements.

Purchased with Non-Federal Sponsor Funding (25000)

- This fund creates the requirement for clearance memos.
- Funding is provided by non-federal government sources, charitable foundations, and state and local organizations for research, instruction, and public service.

**These tags currently read 'government funded' but will be changed to 'sponsor funded' as they are phased out.**
