The breadcrumb trail shows 'Shop > Shopping > View Favorites > Favorites'. The left sidebar contains a 'Favorites' section with a search bar, an 'Add New' button, and a tree view showing 'Personal' (with 'Break Room' selected) and 'Shared'. The main content area is titled 'Break Room' and includes a checkbox for 'Display items that are no longer available'. Below this is a table of items:

New Favorites Functionality & User Interface Updates

Users have the ability to search Favorites and Favorite folders in Favorites Management. This is useful when there are many favorites or folders.

The screenshot displays the Marketsite Favorites Management interface. The top navigation bar includes the user name "Andrew Aiello", a star icon, "Action Items", "Notifications 10", and a shopping cart icon with "0.00 USD". The breadcrumb trail shows "Shop > Shopping > View Favorites > Favorites".

The main content area is divided into two sections: "Favorites" on the left and "My Favorites" on the right. The "Favorites" section has a search bar and an "Add New" dropdown. The "My Favorites" section has a checkbox for "Display items that are no longer available" and a "Folder Actions" dropdown. Below these are two rows of favorite items, each with a quantity input, an "Add to Cart" button, and "Edit | Move | Copy | Delete" options.

Two "Search Folders and Items" modal windows are overlaid on the interface. The top modal shows a search input with "Tea" and a search button. A red arrow points from the "Search" button in the "Favorites" section to this modal. The bottom modal shows the search results for "Tea", including a section for "Item Matches" with a result for "Lipton Black Tea Bags 100ct" under "Personal > My Favorites". A red arrow points from the text "Search Results" to this result.
