Part I: Limitations of Delegated Authority and Prohibitions

Notice to All Third Parties

All delegations in SPG 601.24, Table 1, are to be interpreted as strictly limited to the documents and subjects described. While each entry is believed to be clear, on occasion a supplier/purchaser may wish to verify the authority of the person purporting to be an authorized signatory to bind the University. Verification of authority to bind the University may be obtained as follows:

1. For the most common transactions for goods and/or services, contact the Director of Procurement Services via email or telephone at (734) 764-8212 or at procurement.services@umich.edu.
2. For other transactions where some ambiguity in the table is perceived and not resolved by the Director of Procurement Services, call the Office of General Counsel for clarification.
3. For transactions where special authentication is required, the Office of General Counsel will provide a formal opinion of counsel issued to the vendor for a charge of \$250 per opinion letter. OGC waives the fee when the requesting party is a government or institution of higher education.

SPG 601.24 – Table 1

Regardless of the text in Table 1, under no circumstances is the text meant to include nor does it include:

1. Land contracts or deeds for real property. All land contracts or deeds for real property require the original signature of (1) the executive vice president and chief financial officer **AND** (2) the president.
2. Perpetual use of the university name or mark (e.g., block M).

SPG 601.24 – Table 1

Part II: Parameters and Instructions

This table, through Standard Practice Guide (SPG) 601.24, grants authority to sign documents or bind the University to an agreement of the types described in the Table below to those persons holding the applicable University of Michigan positions identified in the Table (whether permanently or on an interim or acting basis). Sub-delegation of the authorities contained in this Table is not permitted unless expressly indicated in the Table, and must be made in writing and in accordance with Part IV of SPG 601.24.

IMPORTANT INFORMATION FOR THOSE EXERCISING AUTHORITY: Any attempt to bind the University in a way that is contrary to SPG 601.24 will be treated as an unauthorized activity for which you may be held personally liable. For more information, see Part II of SPG 601.24, which summarizes the specific obligations of those exercising authority under this Table.

IMPORTANT INFORMATION FOR OUTSIDE ENTITIES: If you are engaging with the University on a business or finance matter, you must ensure that you are dealing with someone who is appropriately authorized. If a person is purporting to negotiate with you on behalf of the University who is neither delegated authority through this Table nor able to provide written evidence of a sub-delegation made to them personally, you should cease negotiating with that person and, if appropriate, call the University Compliance Hotline (<http://compliancehotline.umich.edu/> or call 1-888-990-0111.)

All Agreements should be forwarded to Procurement Services for storage in a central contract repository

Requests to change the authorities delegated in this Table should be directed to the Associate Vice President for Finance.
